## Mandatory SFCII-30 Blade Brake Spring Replacement

**SUBJECT:** Replace 487296 spring to 488561 spring.

**SITUATION:** It has come to our attention that some 487296 may not meet the engineered spring requirements. This can lead to the clutch brake not disengaging fully, resulting in premature clutch wear.

**SOLUTION:** To ensure optimal performance and customer satisfaction we advise that all SFCII-30 units within the serial number range listed below have the stock 487296 spring replaced with 488561 spring.

### UNITS

**AFFECTED:** Machines with a serial number within the following range:

| <u>Model</u>   | <u>Serial Range</u> |
|----------------|---------------------|
| SFCII-30-7CV-S | Y3300001 - Y3300962 |

**REQUIRED:** One (1) 488561 spring.

**WARRANTY:** Use Failure Code X4-173  
.5 hrs labor
